

ASX ANNOUNCEMENT

FOR IMMEDIATE RELEASE TO THE MARKET

PPK Group Limited – ASX Code: PPK

Tuesday 12 April 2022

TGA approval received by Survivon

PPK Group Limited (ASX Code: PPK) is pleased to announce that Survivon Limited has commenced supply of its innovative range of products in Australia, following recent approval by the Therapeutic Goods Administration.

Survivon has received an initial order for its anti-viral, antibacterial face masks from a wholesale customer in Australia. Survivon's technology utilises a vapour deposition process to apply an ultra-thin / nano-scale coating of 99.95% pure copper to the surface of the masks.

Executive Chairman Robin Levison commented:

“As I noted in my Executive Chairman's address earlier this year, I believe that commercialisation of Survivon's technology continues to represent a great opportunity for PPK. High quality, Australian-made masks remain in demand, particularly while public health measures remain in effect both here and overseas. However, given the efficacy of this technology, I see it as having a much broader application in the PP&E area in the future.”

This announcement has been made and authorised by the PPK Group Board.
